D. 1922, at 10:00 o'clock a. m. as provided by law.

IN TESTIMONY WHEREOF, The Arizona Corporation Commission, by its Chairman, has hereunto set its hand and affixed its Official Seal, Done at the City of Phoenix, the Capital, this 26th day of September A. D. 1922.

(SEAL)

ARIZONA CORPORATION COMMISSION

D. F. JOHNSON, Chairman.

ATTEST: J. K. McBRIDE, Secy.

ARTICLES OF INCORPORATION OF THE GREENLEE GOLD & VANADIUM MINES, INC.

KNOW ALL MEN BY THESE PRESENTS: That we, Ernest E. Frye, Thos. S. Smith, P. H. Patterson, and W. B. Kelly, do hereby associate ourselves together for the purpose of forming a corporation under the laws of the State of Arizona, and for this purpose we do hereby adopt the following Articles of Incorporation:

ARTICLE I.

The names of the incorporators are as hereinabove set forth, and their residence and post office addresses are as follows:

Ernest E. Frye, Metcalf, Arizona.

Thos. S. Smith, Clifton, Arizona.

P. H. Patterson, Clifton, Arizona.

W. B. Kelly, Clifton, Arizona.

The name of the corporation is THE GREENLEE GOLD & VANADIUM MINES, INC., and the principal place of transacting business shall be at the Town of Clifton, Greenlee County, Arizona, at which place the meetings of stockholders and the Board of Directors shall be had and held, provided that the stockholders of this corporation may, at any general meeting, or any special meeting called for such purpose, establish other and different places for holding the meeting of stockholders and directors.

ARTICLE II.

The general nature of the business proposed to be transacted shall be as follows: The purchase, acquisition, lease and sale of gold, silver, vanadium, and other mines and mining property; the working, operation, and maintenance of same; the holding, purchase and selling of real estate, useful or convenient for the purpose of its business, and the mortgaging or leasing thereof; the construction and maintenance of roads, ditches, waterworks, dams and aqueducts and operation of mills, smelters and reduction plants useful and necessary for the business of treating, smelting and refining gold, silver, copper and vanadium, and other ores and metals; and the manufacture and sale of articles made wholly or in part of gold, silver, vanadium and other metals; the construction, maintenance and operation of stores for the sale of articles of merchandise, the leasing of lands, buildings, or other real estate, and the securing of sums by mortgage or lien on any of the foregoing, or franchise of this corporation; the acquisition, purchase, sale or other disposition of the stocks, bonds, or other securities of other companies, corporations, or individuals, and in general to do and

perform any or all acts and things necessary and incidental to the objects aforesaid, or in anywise connected therewith.

ARTICLE III.

The authorized capital stock of this corporation shall be and is five hundred thousand (500,000) shares of the par value of one (\$1.00) per share. Each share of stock when issued shall be first fully paid for in cash or its cash equivalent in services or property, and the board of directors is hereby given authority to fix the value of such services or property, and in the absence of fraud, the value so fixed by said Board shall be conclusive; each share of stock when so issued shall, thereafter, be non-assessable.

ARTICLE IV.

The time of commencement of this corporation shall be the date when the Articles of Incorporation are filed for record in the office of the Corporation Commission, of the State of Arizona, and a certified copy thereof recorded in the office of the County Recorder of Greenlee County, State of Arizona, and the termination thereof shall be twenty five years from the date when the certified copy is so recorded.

ARTICLE V.

The affairs of this corporation shall be conducted by a Board of Directors of not less than five nor more than seven, who shall serve for a period of one year, or until their successors are elected and qualified. Each director shall be a stockholder of this corporation, and the membership of said Board may be increased, as hereinabove provided, at any regular meeting of stockholders or at any special meeting called for that purpose. The first annual meeting of stockholders for the election of Directors and the transaction of such other business as may properly come before it shall be held, on the 30th day of December 1922, and said annual meeting shall thereafter be held on the same day of each succeeding year.

The Board of Directors is hereby given power to fill all vacancies in said Board caused by resignation or otherwise, and such Board is given the further power and authority to adopt a corporate seal and to affix the same to any stock certificate or other instrument in writing, and to adopt by-laws. Until the annual meeting of stockholders for the election of directors shall be held, as hereinabove provided, the following named persons, who are subscribers to and owners of at least one share of the capital stock of this corporation, shall constitute the board of directors: P. H. Patterson, Thos. S. Smith, Ernest E. Frye, W. B. Kelly, A. L. Terry.

The following named persons shall be and they are hereby designated as officers of this corporation, who shall hold office until their successors have been chosen, namely:

W. B. Kelly, President.

P. H. Patterson, Vice President.

A. L. Terry, Secretary.

Thos. S. Smith, Treasurer.

Until the by-laws have been adopted, such board shall be convened upon the call of the President, given by personal notice, or by written notice, deposited in the United States Post Office, addressed to each member at least three (3) days before any such meeting shall be held. Until otherwise provided by the by-laws, three members shall constitute a quorum to transact business.

ARTICLE VI.

The highest amount of indebtedness or liability direct or contingent, to which this corporation shall at any time subject itself, shall in no case exceed two-thirds (2/3) of the authorized capital stock.

ARTICLE VII.

The private property of stockholders of this corporation shall be exempt from liability for the payment of corporate debts.

WITNESS WHEREOF, the incorporators have hereunto set their hands and seals, this 20th day of August, 1922.

Chamberlain's Cough Remedy

The Mother's Favorite

The soothing and healing properties of Chamberlain's Cough Remedy, its pleasant taste and prompt action, have made it a favorite with people everywhere. It is especially tried by mothers of young children for colds, croup and whooping cough, as it always affords quick relief and is free from opium and other harmful drugs.

## Arizona Business Review

(ARIZONA MINING JOURNAL)

By Charles F. Willis,

Copper has hit its high price of the year and is continuing to advance during the past week. A wire from New York, states that copper has actually been sold at 14 1/2 cents. The past week has seen the price gradually rise and the predictions of 15 cent copper by the beginning of the New Year, bid fair to be realized. November sales just about equaled production 165,000,000 pounds, so that the surplus remains at about 225,000,000 but the inquiries for copper for delivery during the first three months of 1923 are of considerable excess volume. The buying for German, French and British consumers is also picking up.

"The New Year looks bright indeed," stated P. G. Beckett, general manager of the Phelps Dodge Corporation. "The November demand will be unusually brisk and we have reason to believe that the demand will continue heavy."

"Development of the domestic market has been one of the most encouraging signs the industry has witnessed in months," stated F. W. MacLennan, general manager of the Miami Copper Company. "Surplus stocks have been reduced to normal—another encouraging sign—and we are looking forward to normal running of the mines."

The reports a few days ago that the Globe Miami district was flooding with excess labor is a good sign and looks as though the handicap due to labor shortage would be removed shortly.

News continues to come of resumption of operations and increased activities. The most important piece of news along this line is the announcement that the Phelps Dodge Corporation, Bisbee, Arizona, expect to resume steam shovel operations on Sacramento Hill as soon as the hill and mill operations can be made ready for ore extraction. P. G. Beckett, general manager, states that this will probably be about May or June of 1923. Men will be gradually employed on this work until the full 500 needed are secured.

The Phelps Dodge Corporation, Morenci, Arizona, branch has completed the installation of the new unit in No. 6 concentrator and will immediately be put in operation. J. P. Hodgson, general manager, states that 500 men are now on the payroll and more are needed. This new unit will be able to treat 7000 tons daily, bringing the output up to 1,400 tons daily.

The Moctezuma Copper Company, a subsidiary of the Phelps Dodge Corporation, Nacozari, Sonora, Mexico is now employing 1800 men and H. T. Hamilton, manager, states that more will be taken on from time to time. Two units of the concentrator are operating approximately two-thirds capacity, the ore being shipped to the Copper Queen smelter at Douglas, Arizona for treatment.

At the last meeting of the directors of the Shattuck Arizona Mining Company, T. O. McGrath, Bisbee, it was reported that he had decided to resume operations on that property when copper reached fifteen cents. It is anticipated that the Shattuck, another of the large mines, will be going shortly.

The increase in the quarterly dividend of the United Verde Extension from 25 to 50 cents is also a mark of confidence in the future and the feeling that it is no longer necessary to build up the surplus.

BISBEE—The general offices of the Phelps Dodge Corporation will shortly be moved to Douglas, Arizona, P. G. Beckett, general manager, from Bisbee, where they have been located for the past six months, due to the absence of G. H. Dowell, general manager of the Copper Queen branch there. Work is to start at once on Sacramento Hill and the new flotation plant will be started by May.

SONORA — The Tramada mine, near Pozo Sonora, Mexico has recently been purchased by Don Levy and associates, who represent Alaskan capital. This is a silver bearing property on which \$200,000 was spent last year in erecting a concentration and flotation mill. The plans of the new owners have not been announced as yet, although a very active development program will probably be undertaken.

GLOBE—The New Dominion Copper Company, Globe, Arizona, plans extensive development work immediately, according to E. W. Mitchell, president, who states that William Porri, mining engineer, has been secured to have entire charge of the work. It is expected that approximately \$250,000 will be spent in development work.

PAYSON—The Verde Falls Mining Company of Payson are now operating the old Gowau Mine, one of the historic producers of the state. The work at hand now is the putting in of a hydroelectric power plant and the remodeling of the mill. The work is under the direction of W. B. Twitchell of Phoenix, Arizona. It is also proposed to work several other nearby properties.

OATMAN—The case of the Tom Reed Gold Mining Company, Oatman, Arizona, against the United Eastern Mining Company, which has attracted a great deal of attention in mining circles, has been dismissed by the Supreme Court. The decision of the lower court was in favor of the United Eastern, the defendants in the action.

GLOBE—The Pinto Valley mining company, Globe, Arizona, has just been organized with Garrett Smith of New York City as president and T. R. Drummond of Globe as general manager. It is understood that the company will have a total of over 55 claims, most of which were formerly controlled by the Arizona National Copper company and the Cactus Copper company.

MIAMI—The Louis D'Or Mining company, Miami, Arizona, will resume operations January 1st and plans are under way for the sinking

of another shaft as well as the erection of a new test mill, according to General Manager C. E. Hart. This property has attracted a great deal of attention due to the size of the mineralized area which has been partially proven by diamond drilling.

**When You Are Constipated**

To insure a healthy action of the bowels and correct disorders of the liver, take two of Chamberlain's Tablets immediately after supper. They will not only cause a gentle movement of the bowels, without unpleasant effects, but banish that dull, stupid feeling, that often accompanies constipation.

You are never jealous of those whom you regard as your inferiors. Remember that.

But, then, you must remember that we advised you away last spring to lay in your winter coal then.
